Administrative history / Biographical sketch

Note

The Friends of the Royal Alberta Museum Society (FRAMS) assists the Royal Alberta Museum with the collection, preservation, and interpretation of the heritage of Alberta. FRAMS was formed as a society in 1982 under the name of the Friends of the Provincial Museum of Alberta Society, by citizens concerned about maintaining a high level of public support for the Royal Alberta Museum. The Royal Alberta Museum is located in Edmonton, Alberta. FRAMS' mission as an organization is to support and enhance the objectives and activities of the Royal Alberta Museum through a relationship focused on:

- Building support for the Museum by increasing FRAMS visibility.
- Financially supporting education, access, and other core programs.
- Maintaining and strengthening liaison with the community by providing input, advice, and guidance.

A volunteer board of directors oversees the operation of the FRAMS. Each director is elected for a two year term and no director holds office for more than three consecutive terms. Each director is one of more than 100 voting members of the Society and is a community ambassador, generating increased positive awareness of the Society and the Royal Alberta Museum. Board members and general members volunteer for the Society by sitting on committees, helping with fundraising events, and advising the museum.

The Society's major accomplishments include supporting summer student hiring processes, the development of the Aboriginal Summer Internship Program, sponsoring of the Discovery Room, allowing teachers to bring their classes to the museum for hands on learning, as well as acquiring and preserving heritage collections including the Milton and Cheadle Plates, the Sunwapta Totem Pole, the Pelicans Diorama, the Robert Bell Collection, and the Columbia Mammoth.

Scope and content

The fonds consists mostly of business records, including meeting minutes, financial audits, membership lists, correspondence, and fundraising information. Records also include material related to the running of the museum gift shop, plans for gift shop expansions, policies, procedures, contracts for sales from major exhibits, and documents relating to technological developments.

The fonds also includes video records. Some of these, with other textual records, contextualize the development of the Friends' tour guide summer student program. There are also recordings of oral history interviews with former staff of the Royal Alberta Museum, some of which were hired prior to the first building opening in 1967. In these interviews, the interviewees spoke about their experiences at, with, and around the Royal Alberta Museum.
