I am in receipt of your letter of the 5th instant, reporting that it has cost only a little over \$300.00 to build the new store at the High River Industrial School, and asking if the balance of the \$500.00 estimated for the building may be used in the manner proposed in your letter. In reply I beg to inform you that the unexpended balance belongs to the last fiscal year and cannot be used now, I may add that it is thought that the small sum voted this year for buildings at the Institution should be used for more pressing needs than these to which you refer, and the Department would be glad to learn what these are in the way of buildings and repairs.
