Etienne Bernet-Rollowerg Sept. Oct. Nov. 1948 Dedicated To Hew Excellency Bishop M. Band O. M. I. FOMONTON, ALBERTA Indian

This is our school's coat of arms.
The red cross means that our school is catholic.
The blue feathers stand for "Blue quills."
The tepse on the green signifies that in our school, there are Indians from the prairies, while the spruce tree stand for the Indians of the forest regions.

The original of this drawing was done in France by Mr.Jacques Pecnard, cousin of Rev. Father Principal.

At last, I have the pleasure to salute the rebirth of the Moccasin Telegram; one of my most cherished desires is fulfilled. I have long felt the need of such a journal. In fact, isn't a school without a journal like a child deprived of his voice? The "Moccasin Telegram" will be the voic of Blue Quills. It will be a means of communication with other schools; of sharing ideas and ideals. It will be another link added to the great chain of friendship which binds all the Indian schools together as well as with those who show any interest in their welfare.

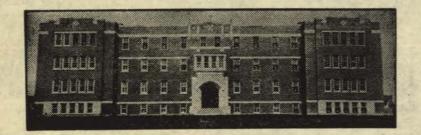

It is the pupils' work. This, I hope, will foster interest, ambition, and co-operation among the children. It may also help them to become conscious of their stand in society which is considerably different from that of fifty years ago.

I sincerely believe that great benefits can be derived from the publication of the school newspaper, therefore I wholeheartedly encourage this enterprise.

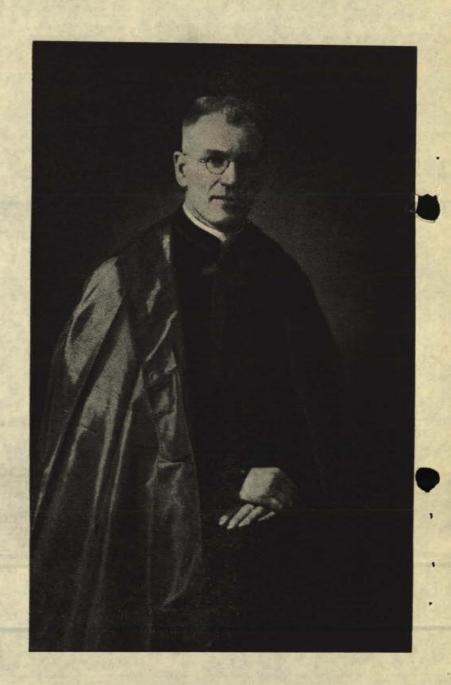

To the pupils, I wish "Success" and to the journal... "Long Life."

May God bless both children and readers....

Father E. Bernet Rellande, O.M.I. Principal

The Staff and Pupils of the Blue Quills' Indian Res. School offer their respectful greetings and prayerful wishes to the Most Reverend Maurice Baudoux, first Pastor of the newly established diocese of St. Paul.

The Apostolic Delegate

How glad and anxious we were when we heard that we might have a chance to see Apostolic Delegate, who was expected for the consecration of his Excellency Bishop Maurice Baudoux.

At last the day came! We were to go to the highway where the Delegate was to pass on his way to St-Paul, from Edmonton. After school, it did not take us long to get ready, (sometimes we're quite slow) in a few minutes, the whole house, sisters and children were on the road. We were so eager that we soon reached the highway. There, we lined up, the boys on the left and the girls on the right. We were holding large flags of very bright colors.

The had to wait for quite a long time. It was cold, but we did not mind; we were only thinking of the Delegate. Lany cars came, passed by and were lost in a cloud of dust. But the one we wanted to see was not there. At last one car as it was approaching, slowed down and stopped. The Delegate himself stepped out, looked at us and blessed us. Then he got in the car which passed between the two rows of cheering children.

About fifty-three cars followed. It was a lovely sight. Then they had all gone out of sight, we started on our way home. We were overjoued, because we had seen the representative of the Pope in our country.

The Bishop's Consecration

We did not see the Consecration Ceremony. We all made a big sacrifice to miss it. But many of the Sisters went and they told us about it. We were very happy to hear something about the ceremony. They said it lasted very long but it was a nice ceremony. We are very glad because now we have a good Bishop who lives near us.

Ophinee Piche Grade 1V

Benediction

On the day of the consecration of the most Rev. Maurice Baudoux, we did not have the chance to attend the ceremony of the consecration in the morning. Nevertheless we had the opportunity to go to benediction.

About fifteen of the big boys accompanied by our teacher Sister An. Potvin, and eighteen big girls accompanied by Sister Irene Idfdbvre went in the big truck which was driven by Fmile and Father Frincipal. Then we reached the church, it was near eight o'clock. To jumped off the truck, lined up and walked in. Father Frincipal was leading and he gave us our places in the front. We all looked at the Bishop's throne, because we knew that the sisters of our school had made some draperies for the throne. We waited for a while and then the organ began to play. It was the first time we heard a plpe organ.

Two Fathers came in evidently to give

Benediction; but no, we were mistaken. Tehy only said the beads. His Excellency Bishop Baudoux was answering with the people. Then he gave Benediction. Te all thought that he was very nicely dressed.

After Benediction we all came back very pleased with our evening. When we got home ,we went to bed quietly so as not to

wake up those who were sleeping.

Principal who was kind enough to take us to St-Paul.

Alex Janvier Grade VII

THE BISHOP'S VISIT

The Sunday following his consecration his Excellency Bishop F. Baudoux came to visit our School. To had been told that he was coming and we were all eager to see him.

At five o'clock, all the boys and gills went up on second floor to wait for him. They lined up on each side of the door and all along the hall. Then we saw the Bishop coming, we rang the bell. As he entered we sang in gregorian "Sacerdos et Fontifex." Our beloved Fastor walked between the two rows fo children and went to the chapel. Thile he was praying there, we all went down to the girls' room where we took our places and waited for him.

named manus and nout for a Grade V

RECEPTION IN THE ROOM

Then the Bishop came down, we were all ready to greet him. All the children together sang a song which started with these words: "O happy day". Eleven girls were in a little piece. The name of it was: "Feed Ly lambs." I was in it. I tried to say my part well. Alex Janvier read the address. After that the Bishop stood up and talked to us. He told us that he was pleased with us. He then had his supper here with the Fathers.

THE BISHOT SAYS HOLY MASS

on the following morning the Bisop said Holy Wass in our chapel. That struck me during his mass, is that when he turned towards the people the first time, he did not say "Dominus Vobiscum" but he said:
"Pax vobis."

- variated and bedress goos aw fads target on

Before Holy Communion, he gave us his ring to kiss. Te are very proud of our Fastor. He is nice looking and very tall. I heard that he was the tallest bishop in Canada. He is kind and I believe that he likes us. Anyway we already love him much

He said that he would come as often as Father Principal would invite him. So I am sure that he will come often because Father Principal likes visitors and especially our dear Bishop.

Abraham Bugle Grade V

IN MEMORIAN

Rev. Father L. Balter

Before we left for the summer holidays last June, we went to say goodbye to our dear old Father Balter, but we never thought that it was for the last time: He told us to be good girls, to pray for him and that he would do the same for us. We always took his advice because he was a holy man.

At the end of August, just before we came back, we heard of his death. It certainly was a big shock for all the Indians, parents and children. To, who had seen him only a few months before, could hardly believe it. In him, we

had lost a great friend, a kind Father.

He was really devoted to the Indians as he was among them ever since he came to Canada. He was born in Belgium and came to our country after his Holy Triesthood in 1899. He spent his first twelve years with the Cree Indans in Saddle Lake. In 1911 he went to Iac La Biche where he spent one year then he came back to Saddle Lake until 1919. In that year, he came to out reserve, Le Goff and Cold Lake. Here, he stayed eight years among the Chipe weyans. He then went to Onion Lake for two years, after that he went back to Cold Lake where he stayed until December 14,1936 when he came here to Blue Quills. This time he was principal until 1942. In that year he befame assistant. He lived here picusly and quietly. He always had a kind word for us, whenever we met him. He could speak five languages: French, English, German, Cree and Chipweyan. He was very smart but he was humble. The Chipweyan Indians seem to miss him more than anyone 1 else, because he was the only priest who knew their language.

The chief and the ex-chief came to Father Balter's funeral in St-Paul.

Te had a Requiem Lass said for him at Le Goff after his funeral.

Although we do not see him anymore, we do not forget him. We often think and talk of him. We sometimes pray for him. We feel sure that he does not forget us either and that now that he is with God he will continue to help us in our needs.

We hope that he will assist especially Cherreline Martin a grade V pupil who took his place in teaching the prayers to the Chipweyan children.

Rosie Skanie Grade Vlll

At last, our dear old Father Le-Goff is back from France. After spending about forty-seven years among the Indians he had gone for a well deserved visit to

his folks in Europe.

Father LeGoff came to Canada in 1900. His first mission was Lac La Biche where he stayed from 1903 to 1927. He then went to North Battle ford and Red Pheasant. In 1929, ha sas sent to Cochin. He went to Saddle Lake in 1931, as principal of the Sacred Heart School. Then he went back to Cochin for seven years. In 1940 his Chipweyans from Cold Lake were glad to see him again. He came next to our school where he was assistant. Last year, he left us and went to France.

In October, we were all very happy to greet him. At last he was back with the Indians whom he loves and who love him. We all gave him a hearty welcome.

He is teaching religion in the two lower classes. He speaks Cree well.

Te came back from our holldays only to find that nearly all the sisters were changed. Some were gone and others had come. We were sorry to see that even the superior had changed. She had been such a kind superior and we would miss her if we had not found out that the new one is just as good.

I guess all nuns are kind but we would not give up our new superior for anything now that whe is here with us. The staff of teachers is completely changed, also. In the Senior Class Sister N.A. Lacombe is replaced by Sister An Potvin; Sister Laforest is replaced by Sister An Potvin; Sister Laforest is replaced by Sister Poirier's class. The Beginners who were taught by Sister Craft have Sister A. Toullelan for their teacher now. This year we have a nurse. She is an old timer who has been here before as teacher.... Sister C. Costello. She was the first and only publisher of the little journal "Moccasin Telegram". Its publication ceased when she left our school in 1942.

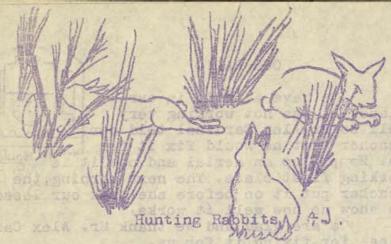

To her, to the Superior and to all the other new sisters we say that we are happy to have them with us. To our former superior and teachers who have been so devoted to our welfare, we offer our most sincere thanks and the assurance of our prayers.

Rosie Skanie Grade V111

Mr. Alex Cardinal, the Boys' Disciplinarian is also back with us. We are very glad . because he is kind and jolly. We shall do our best to do as he likes us to do.

Eric Cardinal

Florence L.

Hunting rabbits is one of the most pleasant passtime for the boys in our dear school. Very often, on Saturday afternoon, we are free to roam wherever we wish as long as we remain on the school grounds.

After our dinner, Kaster gives us our sling shots and away we run to the bush. There, we just walk around looking for some game. Suddenly, we hear someone calling: "Rabbits! Rabbits!" Te all run from all directions , to the boy who is calling us. Te circle the rabbit and we all shoot at him. He has no chance to escape, poor rabbit. He falls dead or wounded. One of the boys grabs him and he is ours. We usually get hold of about a dozen of them. Then it is time to come back. Then we reach the little woods near our yard, we stop and skin our rabbits. Te bring them to the sister in the kitchen. The following meal we are sure to have some good rabbit to eat.

Father Principal knows that we like to eat rabbit, so he sometimes buy some. Last week he bought sixty of them from an Indian. Everybody in the house had some for dinner. Alex had been helping his teacher in a rather

Every other week, the kind Fathers from the parish of St-Paul come to our school to give us a picture show. Since the beginning of September , we have had a series of pictures . It is a story that keeps on from week to week. Te get two chapters of it each time . It is about a boy a man and a horse.

This horse is a race horse but it got loose and ran into the forest. There it was met by a little hoy whose father had been killed and who lived with the animals in the woods. He had lived there for many years so he forget how to talk. This why he is called "Tild Boy." He tamed the horse and they became good friends.

It is a very interesting show, All the pupils like it very much. Te are always looking forward for more of it.

Te offer our sincerest thanks to the Reverend Fathers of St-Paul

OUR LAST PICNIC

Who does not enjoy picnics? We certainly enjoyed our last one. The previous day we started to prepare the lunch so that we could leave a little earlier in the morn-

ing of the picnic.

That morning we did not have a hard time to get up. We were all so anxious to go. Around eight o'clock, the boys left in the ruck with some of the smaller girls, the bays' Master and a few Sisters. Later the rest of the big girls left with the rest of the Sisters who were coming. Even Sister Sup. came with us. We were so glad.

We had chosen one of the nicest spot. It was a little lake surrounded by thick bush. We call it Galseye, It is about four miles from the school.

Then we got there, we walked about for a while. Then we stated to organize some games. Te played all kinds of games. Te also buid a large fire to cook our meal.

In the afternoon we had a regular baseball game, the boys and girls together. Those who won had each a piece of apple pie.

As the weather was getting a little chilly, we came back home for supper. We were all happy because we had spent a very pleasant day:

We thank Rev. Father Principal and all the kind sisters who have done their share to make us happy. Te can tell them that they have succeeded.

Elizabeth Cardinal

THE ROSARY

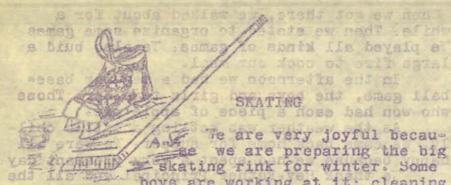

The month of October is the month of the Holy Rosary. We please the Blessed Virgin very much when we say the Rosary. She appeared to some little children and she told them to say it often. Bernadette saw her and Jacenta, Francis and Lucy saw her too. They tought she was very beautiful and they loved her very much after that.

Sister gave us each a pair of beads and we were glad because we were able to say them every day before we went to sleep.

No one can imagine our excitement and happiness when we heard that our school had come first at the Edmonton and Calgary Exhibition this summer.

When we came back from the holidays we all went to the sewing room to see who had the prizes. Fro the sewing only, we got forty first prizes and about twenty second. In all the school we received over a hundred prizes counting the school exhibits. This is a great joy for us.

To were glad when the exhibition money came. We all went in the girls room. Most of the Sisters wer present. Father Principal gave us the money for our prizes. On that same occasion the girls received some badges for cooking, sewing and knitting and house-keeping. They have sewed their badges on their school dresses and they are proud to wear them. We hope that many more of the girls will get some badges next year. We also hope to have many prizes at the exhibition and come first again.

Herman Cardinal Grade V

POTATO HARVEST

In the last days of September, all the boys went to pick potatoes. We left in the morning in the wagon and came back late in the afternoon. We did not pick up many pails of potatoes because the potatoes were few. Father Principal had to go and buy some at Hobema, in the truck.

> John Steinhauer Grade 11

The "Moccasin Telegram" was started by the Reverand Sister Catherine Costello in 1937. She was wholeheartedly devoted to its development and progress. We may well say that her work was crowned with success.

Owing to circumstances in 1942 the publication ceased. We are now attempting to bring back to life and publish the "Moccosin Telegram." It is of course the work of the pupils who are very enthusiastic about it.

For the printing of this issue we had recrourse to the charity of the Reverend Sister V. Metivier. She kind enough to make our copies on her Ditto. Te are indee most grateful and may she receive here our heartfelt thanks.

"e hope that with the contributions of our friends and subscribers we may be able to buy a machine for the printing of the next "Moccasin Telegram."

The Editor

Broaches

Besides the girls who received badges, some have received "Broaches."
They are: Catherine Toth, Balnche McFeeters and Doris Minoose." These broaches were awarded for the three years of training which comprises :Cooking, Sewing, Knitting and House Keeping.
Our sincere congratulations!

FIRST COMMUNION

Last week, we were very glad to welcome Kr. G. H. Gooderham, his son, and Mr. 7. K. Taylor.

Ir. Gooderham's son is just as nice as his dad. We were pleased to see him. It is too bad their visit was so short.

Mr. Gooderham told us that we might go home a little early this year, because we did not have any Easter holidays.

Te hope to have another visit like this one, but a little longer next time.

Sophie Cardinal

MACHINE ON TAY

A few weeks ago, we received a letter from Mr. B. Neary, telling us that he would send us a printing machine for our school journal. Te were very anxhous to get it.

Last week, we received a parcel. It was quite large, so we all thought it was the machine. But we were mistaken. It was not, it was only the stencils and the ink.

The were hoping to get the machine for the printing of this issue. But time went by and no machine came, so we decided to have it printed on the Bishop's Ditto.

Our always devoted Father Principal himself went to the Bishop's house to pull the copies. Te are very grateful to him. Te also want to give our heartfelt thanks to His Excellency Bishop Baudoux for lending us the machine.

Charlotte Collins

On Holy Thursday, five little girls and seven boys made their first Holy communion. The girls were dressed in their pretty white dresses and veils. The boys had navy blue suits with a white ribbon around the arm. They were all happy as we all were on the day of our first Communion.

All that day the first communicants had their meals on a special table served in the middle of the refectory. The Nathers and Sisters came in turn to see them and offer their best wishes.

Our first concert this year was held in honor of our dear Father Principal. His name is Etienne (Stephen) therefore we should have celebrated on the 26 th. of December, but we would be home at that date, so we had the concert on the 13 th. of the same month.

The entertainment was opened by a festal song followed by the offering of the Spiritual Bouquet. Then our three act play, "The Precious Gift, "began at the sound of the Indian tuntum. As the curtain raised we could see some Indians dancing around a little pale face child standing close to the one who had saved her, while those sitting on the ground were singing and beating the drum. All the Indians, (ten) were dressed like our fore fathers, with the coloured apparel, feathers, moccasins and skin suits. The general effect was good. The making of these costumes had cost

much touble and work but it was worth it, because it looked so real.

The little ones got their share of applause when they appeared all dulled up for the Rhythm Band. You'll see a picture of it on "Hi Grown Ups." Another group of little tots sang beautifully. "The two Frogs" recited by Eric C. and "A Boy's Pochet" by M.Piche, were very interesting. The girls were really sweet in their "Scarf Drill", not one made a mistake. The small boys as "Dudes" (see picture) seemed to be the highlight of the evening. The "Tableau" representing the Indians welcoming the "Black Robe" offered a beautiful sight.

After the chorus "Prayer, Love, Song,"
by the Senior class, our devoted Father
Principal spake a few words of thanks and
appreciation of the work done by the pupil
and Sisters. Te were also glad to hear his
Excellency Bishop W. Baudoux, praising us and
telling us that he loved us as much as Father
Principal did. Tr. T.K. Taylor also expressed
his appreciation and gave us encouragements.

Besides these distinguished guests, were present the Fev. Fathers from St-Tabl and Eisewhere, the Rev. Sisters of the Assomption, the Rev. Sisters from the hospital, Ir. and Mrs. Taylor, Mr. & Mrs. Woodsworth, Mr. Recette. our inspector, Mr. & Mrs. Lembert, eco, etc.

Midnight Mass at LeGoff

Thanks

Our church is quite large, and this year it was full at Christmas, because all the children who are usually in school, were there. There were also many protestants. There were so many persons that some had to sit on the alter steps during the sermon.

The singing was beautiful . Our dear lod Father LeGoff had come from Blue Quills to help our parish Priest. Father Telletier must have been proud to see such a crowd in his church, and our dear Lord also.

HONES FOR CHRISTMAS

It was the first time that the pupils of Blue Quills ever had the privilege of going home for the Christmas holidays.

How happy and exited we were when we found out that we would really go home.

Ve could find nothing else to talk about but that. It's a good thing we did not learn about it sooner.... because our school work would have suffered from it, for we did not only talk about it, we also thought of it. One day in school, the teacher asked a question to an absent minded pupil who naturally could not answer.

"There were you?" she said. "At Home the child replied.

After a few weeks of anxious waiting at last the great day dawned. If we are sometimes sleepy, we certainly were not that day. Everybody was more than wide awake......Some were packing their "things others dresseing up, others running up to say good bye to their teachers or to some other sisters... There was as much traffic in the stairs and in the parlor corridor as there is in a bustling street of a city.

The first group left on the 17 th. after dinner. The others followed soon after

Irene Lincose Grade X.

VISITORS

There are some visits we don't like but the one we had yesterday was a very pleasant one, simply because the visitor was really nice to us. This welcomed gentleman was Mr. Gooderham, inspector of the Indian Agencies. He was accompanied by Mr. W.K.Taylor, our agent and Rev.Fr.Principal.

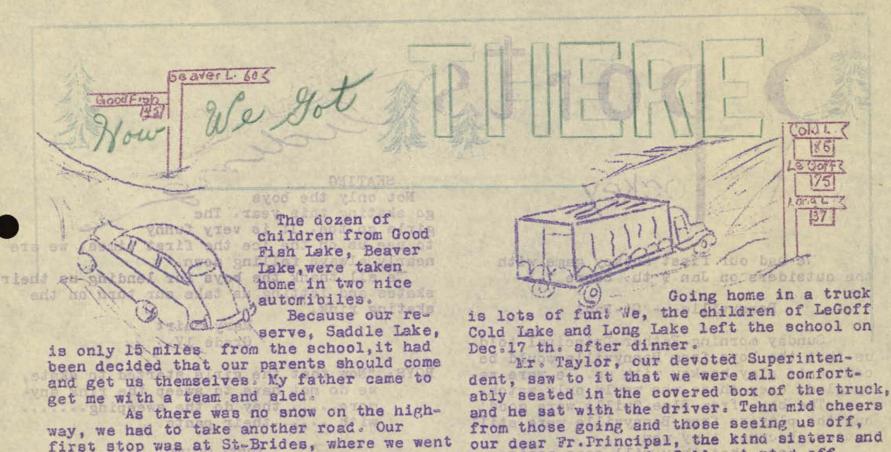

Mr.Gooderham is tall and handsome, He seems to be very kind and se soon feel at ease in his presence. He is one of those

persons we like at first sight.

Gooderham, and we sincerely hope that he will drop in again.

DeathS

Just before Christmas, Mr. Pitre died accidentally in St-Paul. Before his nomination as Lagistrate of the town, Mr. Pitre had taught in Blue Quills for a period of eight years.

It is said that Ir. Bitre was very kind to the Indians and always got along well with them. His career as a teacher was a real success. He had a good influence over his pupils who were fond of him.

The staff and older pupils of our school keep an everlasting souvenir of his stay among them. They shall not forget him in their prayers.

Grade VII

Our Teacher's Mother

During the Christmas holidays, Sister Annette Potvin received word that her mother was seriously ill. She left as soon as possible and arrived on time to say a last good-by to her dying mother.

We offer our sincere sympathy to our devoted teacher and assure her that we shall often remember her beloved mother in our prayers.

Grade VI

During the Christmas holidays, I'rs. Nlue Guills died in Saddle Lake. She was the wife of the late Chief Blue Guills in whose honor our school was named.

John, Jerome and Eva Delver who are in school with us, are the grandchildren of Mrs. Blue Quills. We offer our dear cal classmates, our sincere sympathy.

ACCIDENTS

During the Christmas holidays, I often came to skate on the school rink with my cousin, Mary Irene Cardinal.

She is not a very good skater yet because this is only her first year. One afternoon, the boys who had not gone home for the holidays, came to play "tag" with us on the skating rink. Fary was it. Was she quick? Yes and a little too much. Then she tried to tag Alex, he dodged her and she fell backward onthe ice. Te all started to laugh but not for long. Te soon noticed that she had hurt herself.

"I think it is broken." We all got excited....one of the boys ran home to tell my aunt who came and helped lary to stand up and walk home, a short distance.

I went to the school where I phoned for a taxi. To took Wary to the hospital. She stayed in St Theresa for a few weeks, then her father who is in charge of the boys here, took her to the Camsell Hospital in Edmenton.

The last news were good. Te hope she will soon be back with us. Te miss her in school.

Vivian Larose

Our artist, Alex Janvier, also had an accident. He froze some of his toes while skating..... we hope it won't be too serious. He walks around in long brown slippers.... we all wonder where he got them.

ST-PAUL

Dear boys and girls,

We have reached the end of the school year and before you Leave, I wish to congratulate you for your untiring efforts in class, your discipline and good spirit in the school. I am sure that you will enjoy your holydays, relaxing and being a part of your home.

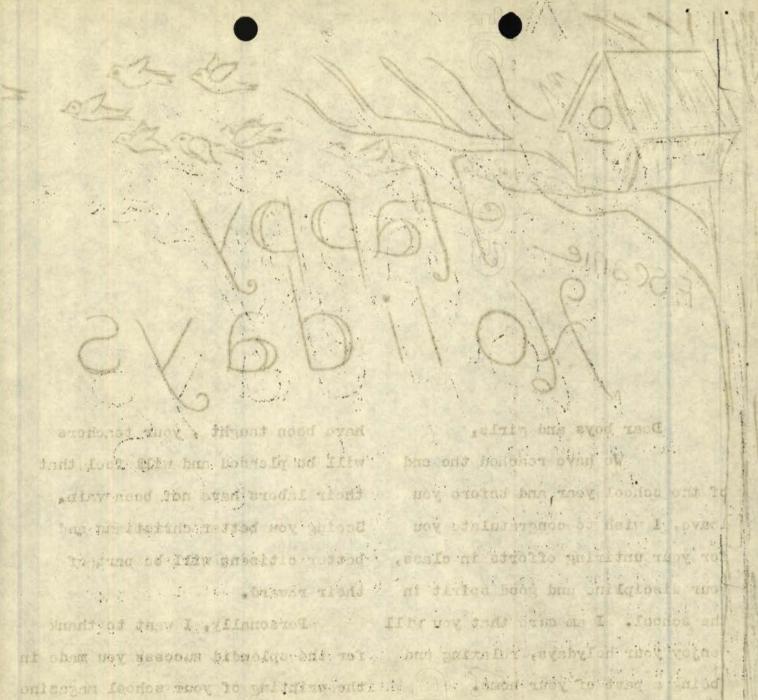

Be merry but don't be ungrateful. Have a kind thought and an appreciative word for those who have devoted their talents and their lives for your welfare. If you behave the way you have

have been taught, your teachers will be pleased and will feel that their labors have not been vain. Seeing you better christians and better citizens will be part of their reward.

Personally, I want to thank for the splendid success you made in the printing of your school magazine "The Moccasin Telegram. Keep up the good work!

So, good bye, happy holydays, and God bless you. Here you won't be forgotten; you will remain in our hearts and our prayers!

Pleasant News

At the end of May, we were told that the Ashmont pupils would come here for a visit. We were glad and we all wanted to do something for them. We planned to sing for them " O Canada" in Cree. As we had never known it. we were not able to learn the words by heart in two days, so we had to leave the words on the board to follow while we were singing.

Eric Cardinal of our class, painted some feathers blue and with them wrote "Welcome" which he placed on the pillar in the middle of the class. It looked

beautiful.

Alex Janvier Grade V11

Here They Are

"Here they are!" we heard someone say, as a big truck stopped in front of Blue Quills School. When we saw tall fellows with a moustache we thoughtwe had made a mistake, but a knock at the door was enough to let us know that the Ashmont Pupils

were really here! We were very glad to welcome them. We were also pleased to meet the Principal of that school Mr. Babbee, Mrs. C. Bergstrom, matron and Mrs. Nellie Cole, teacher. They visited the entire school. We showed them all our woodwork, our drawings and some writing

we have done for the Edmonton, Calgary and St-Paul exhibition. The girls showed the sewing in their room. Our visitors said that they had never seen such beautiful work before.

Tehy visited all over the house and in the barn. They seem to be interested in everything. They were very nice and we enjoyed this afternoon they spend here. We hope that they enjoyed it as much as we did.

INSPECTOR'S VISIT

On May 3I st at half past nine we heard a knock at the door. We all looked up in surprise because we have not often visitors during class. We were glad to see that it was the provingial Inspector of Schools. Mr. Racette. He looked jolly and kind so we soon felt at ease with him.

He said to the sister to keep on teaching the children. After a little he called the Grade seven in front of the class to do some arithmetic problems on the board.

At 11.30 he came down to the room for the singing lesson. In the afternoon he came to our class again. He gave us a very interesting lesson

in Social Studies.

Before leaving at 4 h'clock, he talked to the whole class. He gave us encouraging advices which we shall try to remember and put into practice. We are anxiously looking forward for his visit next year.

Irene Dien

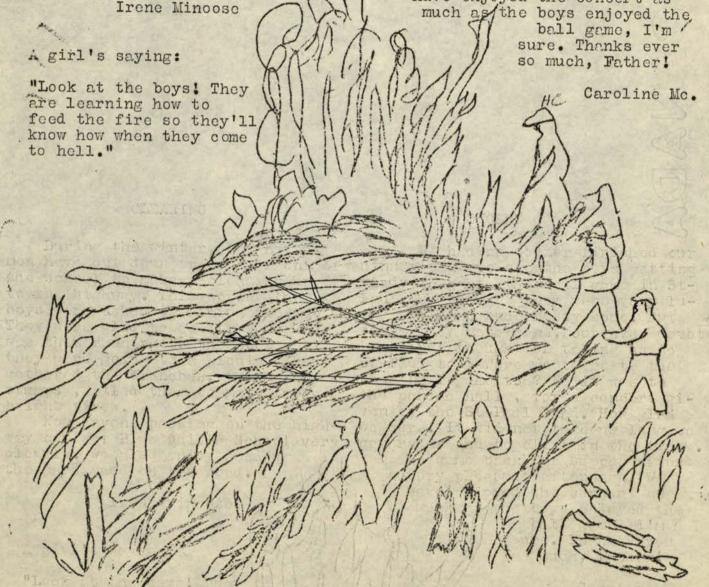

During the winter, the hired men have cut down trees in front of the school to make a clearing up to the highway. This spring the boys were asked to finish the job. They were glad to do it. We could see them running to the spot as if they were going to a picnic. They gathered the branches, twigs and stramps , piled them to make large bright fires.

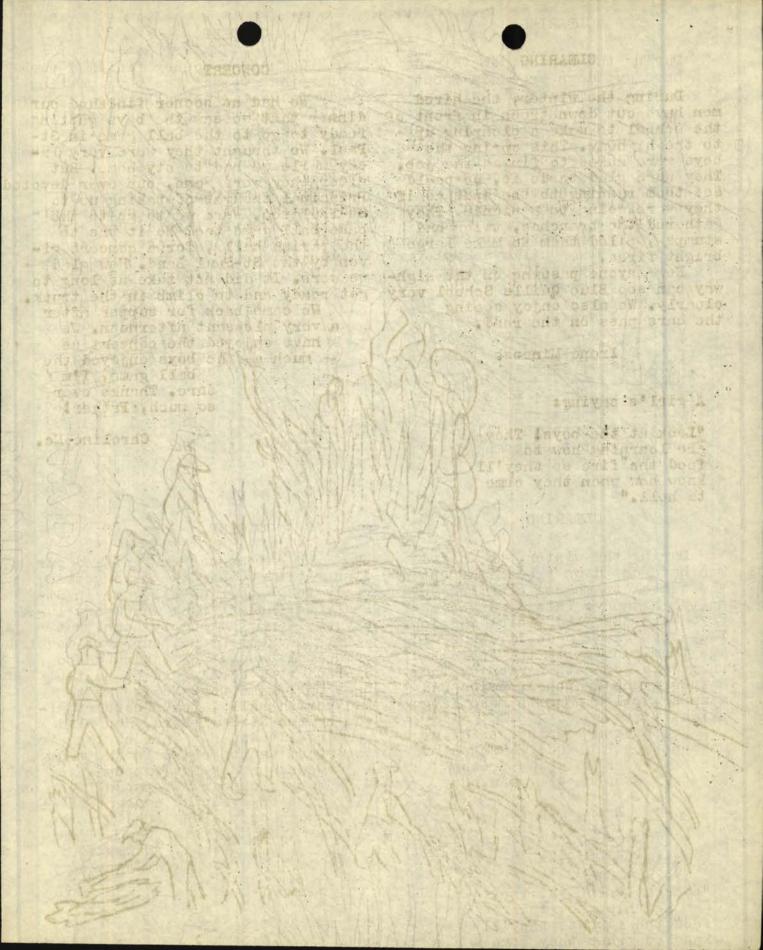

Now anyone passing on the highway can see Blue Quills School very clearly. We also enjoy seeing

the cars pass on the road.

We had no sooner finished our dinner that we saw the boys getting ready to go to the ball game in St-Paul. We thought they were very lucky while we had to sty home. But after they were gone, our ever devoted Principal thought of taking us to St-Paul too. Were we to go to the base ball game too? No it was to the parish hall , for a concert given by the St-Paul Band. How glad we were. It did not take us long to get ready and to climb in the truck. We came back for supper after

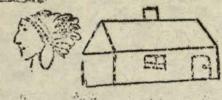

a very pleasant afternoon. We have enjoyed the concert as much as the boys enjoyed the ball game, I'm sure. Thanks ever so much, Father!

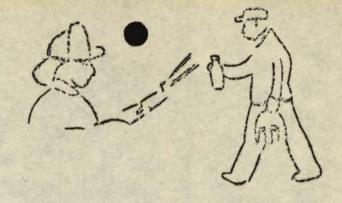

Picnic

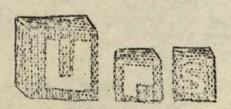

classes went to visit Ashmont school we had houle for grade one. Indian parlor for our lunch. We enjoyed our day very much.

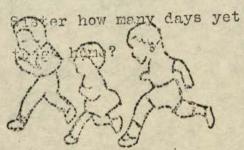

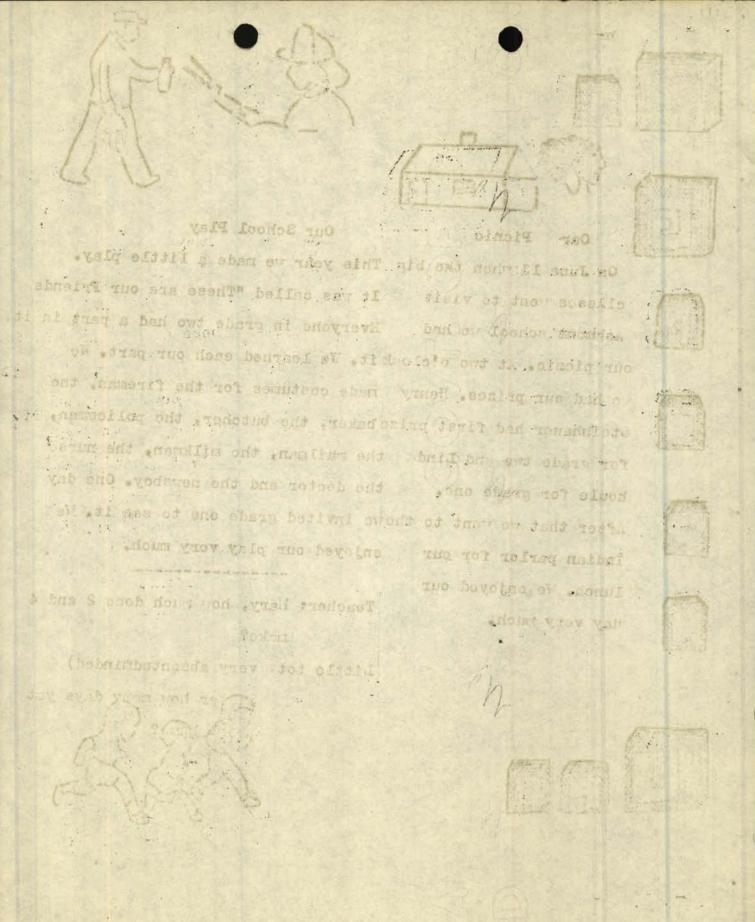

Our School Play On June 13 when the big This year we made a little play. It was called "These are our Friends Everyone in grade two had a part in it. our picnic. At two o'clock it. We learned each our part. We we had our prizes. Henry made costumes for the fireman, the Steinhauer had first prize baker, the butcher, the policeman, for grade two and Linda the mailman, the milkman, the nurse the doctor and the newsboy. One day After that we went to the we invited grade one to see it. We enjoyed our play very much.

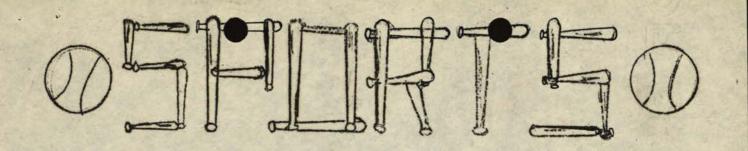

> Teacher: Mary, how much does 2 and 4 make?

OH! Baseball

On Sunday, we went to town to see the baseball game between Ed-monton and St-Paul. The smaller boys went on the wagon while the bigger boys walked. When we arrived at the play grounds the game was not started, but the players were practicing.

We went to sit in the grandstand and all at once the loud speaker said "Play ball." The game began. In the first inning, St-Paul
made one run. The crowd was cheering and those who were in their cars
tooted their horns. There was a gueer
looking man with a funny looking hat
who tooted his born that sounded
like a toad.

He must have heard the toad!

As the innings went by, StPaul made runs after runs. In about
the seventh inning an Edmonton guy
who had a wrinkled neck smacked a
home run. When the game ended, the
score was ...St-Paul 10, and Edmonton I..... It was a very interesting game to witness.

Gasoline or Shoes

Is gasoline more expensive
than shoes? I use to think so, but
now I begin to doubt, because since our kind Father Principal has
noticed How we spoil our shoes
walking from the game, he sends
us by truck.

Thanks, dear

PAINTING

It seems that this year is a "painting year." Many rooms in the school have been painted, the refectory, the corridors and now it is the barn's turn. The hired man, Mr. Routhier is painting it... the roof green and the sides gray. The farm truck has also been painted. The doors were taken off and brought in the school to be painted by our artist Alex Janvier who was helped by Lewis McFeeters. They drew the crest and the address of our school on each door. It is very beautiful.

NEW DRESSES

We children are very lucky to have every thing we need here. To go home for the holidays, we were given each two sets of clothes. The first set was bought by our kind Father Principal. The other set was sewed by the sewing room girls.

All of us are now wearing our bright coloured dresses and we like

them.

Everyone is thankful and wish to express their gratitude to our kind Father and also to our dear Sister B. Dumoulin who has helped the girls to make all this new set of clothes.

Back From San.

Guillaume White, who had left the school to go to Charles Camsell Hospital in Edmonton, came back to us last week. He seems to be just as happy to be with us as we are to see him among us. He is very well.

#####

Tonsils

Many children went to St-Theresa Hospital to be operated on for tonsils. They say it hurss very much. I am glad, I did not need to go through the operation.
